

TECH BOOT CAMP

Kijiji is a platform that allows Canadians to exchange goods and services, find work, and build their businesses locally. Whether you're looking for a new phone, a local tradesman to redo your kitchen, or a knitting club, Kijiji allows Canadians to connect with each other through the website or app. More than two new ads are posted on Kijiji every second!

Getting Started

You can access Kijiji two ways - by visiting their website at **kijiji.ca** or by downloading the free app to your tablet or phone from your App Store. You are free to browse and search for items for sale, but if you'd like to list a classified ad you must create a free profile. Having a profile is also helpful because you can save ads that interest you, and you can return to them at any time as long as the item is still for sale.

Be aware of common scams with tickets, real estate, vehicles, jobs, and pets. Inform Kijiji of any attempted fraud or suspicious emails, ads, or other activity by community members by clicking the "Report Ad" button. In the case of fraud, file a police report and contact Kijiji directly.

Navigating an Ad

On the right you will see when the ad was posted, where it's located, and info about the seller.

Click the heart to save this ad to your favourites list.

Click to share the post with a friend through email or social media.

Contact Kijiji User

Hi, I'm interested! Please contact me if this is still available.

Send message

To deter and identify potential fraud, spam or suspicious behaviour, we anonymise your email address (as applicable) and reserve the right to monitor conversations. By sending the message you agree to our [Terms of Use](#) and [Privacy Policy](#).

If you'd like to contact the seller, type your message here. The seller will be able to reply to you anonymously by email.
